Summary

Frontend Developer with nearly 2 years of commercial experience building production web applications with React, Next.js and TypeScript. Developed around 10 web-based casino games and back-office tools from scratch at an iGaming company, and built analytics dashboards for a real estate CRM that the business uses in production. Works with Zustand, TanStack Query, Redux Toolkit and Tailwind CSS, follows Feature-Sliced Design, and uses AI coding tools (Cursor, Claude Code) in the daily workflow.

Experience

Frontend Developer, Evoverse

Dec 2025 – Present

- Develop web-based casino games and internal back-office tools from scratch with React, Next.js, TypeScript and Tailwind CSS; around 10 games delivered so far, each in about two weeks including testing and fixes.
- Build interactive 2D and 3D game interfaces with React Pixi (PixiJS) and Three.js.
- Manage game state with Zustand and server data with TanStack Query, integrating REST APIs and real-time features.
- Test new and existing games, fix defects and improve already released games.
- Own each game from first commit to release in a team of 8: 4 frontend developers, 2 backend developers, a designer and a manager.

Frontend Developer, Freelance (House CRM)

Feb 2025 – Nov 2025

Code: github.com/San88Francisco/HousesCRM | Demo: houses-crm.vercel.app

- Developed the front end of a production CRM for a real estate business that manages a large property portfolio across the city.
- Built analytics dashboards with charts, tables and filters (Recharts, TanStack Table) that track income and payback for each property and tenant across 15 years of data.
- Built responsive UI with Next.js, TypeScript, Tailwind CSS, shadcn/ui and Radix UI, following Feature-Sliced Design.
- Implemented forms and validation with React Hook Form and Yup, and managed state and server data with Redux Toolkit and RTK Query.
- Worked in a small team under senior developer guidance with an agile workflow and GitHub code reviews; the business uses the system today and the team still maintains it.
